LOUMS recliner
\$1995

Relax, it's a Moran

Moran Design delivers five essential benchmarks for prestige furniture in every piece.

1. Structurally Correct Frames

Climate variations won't distort the quality dried hardwood and technologically advanced composite frames.

2. Body-Correct Lumbar Support

Each design gives more than temporary comfort; tempered steel memory springs provide healthy lower back support and allow muscles to genuinely rest.

3. Eight Way Hand Tied Springs

When the design requires it, these spring connections ensure the base gives a healthy body-correct support. This ultimate in seating was previously available only on the world's most prestigious furniture.

4. Moran Custom Seating

The cushions for each model are specifically designed using technology to deliver the best result for the true comfort. The Moran SpringCell® technology ensures luxurious seating that lasts.

5. Premium Moran Fabrics and Leathers

All covers are selected by Moran to be long wearing and able to be beautifully tailored, adding significant value to the furniture.
